

# SPIN ZONE BUMPER CARS

Let Spin Zone Electric Bumper Cars generate profit for your FEC that will make your head spin!

## EXPERIENCE THE SPIN ZONE!

The Spin Zone Bumper Car Experience may very well be the most marketable addition to the FEC industry ever!

Spin Zone's Broad Demographic Appeal draws patrons from Kindergarten to Grand Parents. This allows for families to enjoy the "Experience" together in a fun and exciting atmosphere while riding and competing at the same time. Bragging rights are up for grabs as Little Sister bumps Big Brother and sends him into "The Spin Zone".

Spin Zone is "The Ultimate Birthday Party Attraction"! Nothing says PARTY like the bright LED lights, pumping music and incredible graphics of the Spin Zone. Watch as suddenly the parents and the children are in the mood for a party.

Amusement Products has created a turn key attraction featuring energy saving LED lighting, professional sound, incredible graphics, handrails and a technologically superior ride. Customized to fit your operation and all in one package.

## THE FUTURE IS NOW!
